Friends of Coppermill Branding

- Joana Niemeyer has been looking into designing a “brand/look/logo” for Friends of Coppermill for posters and communication. She's suggested a figure/character e.g. Wenlock for the Olympics 2012 as an example. This could then be on posters for events giving info.
- Joana's suggestion has been space characters.
- School would like the children involved in the designing/naming. Could put this out as a competition and select winners.
